GUNDA MANOHAR

Senior Product Designer (UI/UX) | 12+ Years of Experience

SUMMARY

Senior Product Designer with 12+ years of experience leading end-to-end UI/UX design for mobile and web products, from discovery through delivery. Shipped 10+ live and enterprise product launches, including 3 apps published on the Apple App Store, while maintaining WCAG AA/AAA accessibility compliance across 100% of product surfaces. Expert in Figma, Adobe XD, design systems, and component libraries, with a track record of partnering with product managers and engineers to shape roadmaps, run design sprints, and deliver production-ready experiences in Agile and Waterfall environments.

WORK EXPERIENCE

Senior UI/UX Designer | Backflipt

Jun 2024 - Apr 2026

- Owned end-to-end product design for AI applications and a no-code platform, shipping 3-5 features across product releases, partnering with product managers and engineers from discovery through delivery in Figma to produce wireframes, mockups, and interactive prototypes.
- Engineered complex mobile and web app journeys with gesture-based navigation and optimized touch targets, delivering responsive layouts across 3+ device sizes and orientations.
- Built a reusable design-token system and component library, achieving 100% WCAG AA accessibility compliance across all product surfaces.
- Presented design and product rationale to 3-5 cross-functional stakeholders across product, engineering, and leadership, facilitating peer design critiques across every Agile delivery cycle.

UI & UX Lead | UST Global

May 2022 - May 2024

- Directed UX for Advalent, a US medical web application, over a 20-month engagement, delivering responsive designs, complex information architecture, and data-heavy dashboards using Kendo Angular UI, Tailwind CSS, and Adobe XD.
- Architected the Shras work-logs and assignments platform, spanning task creation, status dashboards, and multi-role journeys across 2 user roles (employee/manager).
- Led multiple design sprints and co-creation sessions; mentored 3-5 junior UX designers, raising design-system adoption across the team.

Senior UI/UX & Web Designer | KNS Technologies

May 2016 - May 2022

- Provided end-to-end UX for 10+ mobile and web projects, including 3 live iOS apps published on the Apple App Store (FifthPeak, Mann Humrahi, MTTL Efficiency).
- Crafted 3 mobile apps supporting complex field-force, loyalty, and enterprise productivity workflows across 3+ screen sizes, gesture patterns, loading states, and motion design.
- Standardized design systems using Bootstrap 3 & 4, Figma, Sketch, and InVision App; ran usability testing to iterate on 10+ product releases.

Web Designer | Provab Technosoft

Apr 2015 - May 2016

- Produced and launched web interfaces using InDesign, Illustrator, Dreamweaver, and Photoshop, consistently meeting 100% of budget and schedule targets across all engagements.

Web Designer | SIRI IT Solutions

Jan 2013 - Apr 2015

- Developed and maintained 20+ responsive web pages across the full site, applying web design best practices on every release.
